RESEARCH POLICY DOCUMENT

RESEARCH POLICY

INTRODUCTION

This research policy outlines the principles and guidelines governing research activities within our institution. It aims to foster a culture of excellence, integrity, and innovation in research, while ensuring ethical conduct, responsible use of resources, and alignment with the organization's goals and objectives. This policy applies to all researchers, staff, students, and external collaborators engaged in research activities under the auspices of our institution.

OBJECTIVES

The objectives of this research policy are as follows:

1. To promote high-quality research that contributes to the advancement of knowledge and innovation in relevant fields.
2. To ensure compliance with ethical standards and legal requirements in all research activities.
3. To provide a supportive and inclusive research environment that fosters collaboration, creativity, and interdisciplinary research.
4. To ensure responsible use of resources and efficient management of research projects.
5. To encourage the dissemination of research findings through publications, presentations, and other appropriate means.
6. To promote the protection and commercialization of intellectual property arising from research activities.
7. To establish mechanisms for monitoring research activities, evaluating outcomes, and fostering continuous improvement.

RESEARCH MONITORING AND EVALUATION

1. The organization will establish mechanisms to monitor and evaluate research activities, including progress, outcomes, and impact.
2. Research performance will be assessed based on established criteria, such as publications, funding success, and societal impact, as applicable.
3. Researchers may be required to provide regular progress reports

CODE OF ETHICS FOR RESEARCH

1. All researchers are expected to maintain high standards of integrity, honesty and professionalism in respect of all the work undertaken by them.
2. A research committee has been constituted and standard procedures are adopted for monitoring research activities of the college.
3. All the researchers are required to follow the regulations of making standard research regarding plagiarism and malpractices.
